Scout Troop 870 / 5870 has recycled Christmas Trees in our neighborhood for over 20 years. Due to COVID 19, we are modifying our process this year, but rest assured as we recycle trees we are adhering to all state guidelines and precautions to keep our Scouts and neighbors safe. Our curbside service to the community is 100% No Contact and follows all appropriate mask and social distance protocols.

This is a free service we provide to the neighborhoods, as a way to say THANK YOU for supporting our Troop. We do, however appreciate and take donations. The donations are used for trips and activities.
